## Photo/DVD/Video Release

Instead of having to obtain permission each time a person is photographed or videotaped, Campbell United Methodist Church would like to have on file, a release form from you, that will cover future events. DVD's, tapes and photos are for church promotional use, and may appear in printed material, on the church website, or in slide shows, DVD's, or video tapes such as those presented in worship. Every effort will be made to exclude names from captions for photos used on the website.
